Volume 5 Issue 5

The Right Funds at the Right Time

May 2010

## April Performance

In April, the market continued its nearly relentless rise from March but fell over the last week of trading. Banking led *Top Eight Model Portfolio* funds with a one-month gain of 7.7%. Industrials, Transportation, Automotive, Industrial Equipment, and Multimedia followed with one-month gains ranging from 5.5% to 4.9%. Defense & Aerospace and Air Transportation trailed with one-month gains of 2.2% and 0.4%, giving the *Top Eight Model Portfolio* a one-month gain of 4.514%, its third in a row.

The *Top Eight Model Portfolio* leads the indexes with a 2010 YTD return of 11.510%. The Nasdaq Composite and S&P 500 tracking portfolios' YTD returns are 8.613% and 6.896%, respectively.

## Final Performance of Funds Sold on April 5

*Fundranker* exchanged four funds on March 5. Here are the returns the three funds contributed to the *Top Eight Model Portfolio*:

Fund	Bought	Sold	Return
Communications Eqpt (FSDCX)	3/5/2010	4/5/2010	4.52%
Electronics (FSELX)	3/5/2010	4/5/2010	6.43%
Retailing (FSRPX)	2/3/2010	4/5/2010	16.07%
Technology (FSPTX)	5/4/2009	4/5/2010	51.35%

## Economy Grows for Third Consecutive Quarter

The U.S. economy expanded for the third consecutive quarter in the first quarter of 2010. Gross domestic product grew 3.2%. In the third and fourth quarters of 2009, GDP grew 2.2% and 5.6%.

Consumer spending increased significantly, growing at an annual rate of 3.6%, the strongest growth in three years. Consumer spending grew at an annual rate of only 1.6% last quarter.

Businesses must be seeing a more rosy economic future, as well. Their purchases of capital goods increased 13.4% in the first quarter, adding to a 19% increase last quarter. Even more telling, for the first time in two years, businesses increased their goods inventories during the first quarter.

Jobless claims have fallen for two consecutive weeks. Although the recovery has been labeled as "jobless" so far, perhaps this situation is beginning to change.

## Fundranker Grows with Market

*Fundranker's Top Eight Model Portfolio* has grown significantly over the time period since Great Recession market lows of March 9, 2009. Although it trails the Nasdaq Composite and S&P 500 indexes, it has been catching up to them during 2010, especially since February 8:

## Holding Period Alert

If you purchased shares after April 5 of any funds which are being

exchanged on May 5, to avoid roundtrip transactions under Fidelity's frequent trading policy for Select funds, you should wait at least 30 days before exchanging the funds.

## Investing New Money

If you are a new subscriber, or you have new money to invest using the *Fundranker* system, first put the new money into Select Money Market. To reduce exposure to roundtrip transactions, on the next *Invest New Money Date* (see box below), exchange your new money into the funds in the *Top Eight Model Portfolio* for that month.

New subscribers should allocate equal amounts to each of the eight funds. If you already have a portfolio of Top Eight funds, allocate new money only to funds that are not being exchanged this month to balance those funds as much as possible.

## Subscribe to Fidelity Select Fundranker

You can subscribe to *Fidelity Select Fundranker* for \$49/first year, \$99/year thereafter. For this fee, you will receive 12 issues of the *Fidelity Select Fundranker* newsletter via email on or before the first day of each month. You also will receive an email in advance of each issue to alert you to the upcoming issue and the likelihood of the possible exchange dates, so that you can plan ahead for your exchanges. *Fidelity Select Fundranker* has a website, [www.fundranker.com](http://www.fundranker.com), with much historical information about the *Fidelity Select Fundranker* system, but subscribing to the newsletter is the only way to get timely notice of the monthly exchanges.
